Dear Commissioner McDowell:

The T.V. Stations of Virginia respectfully request your support for multicast must carry.

With the advent of digital television, these stations can provide a great deal of additional programming and community services, but require multicast must carry to convey this programming to the majority of the viewers.

Very truly yours,

P.S. Commissioner McDowell, I am sure we have met, as I have been a lobbyist at the Virginia General Assembly for 30 years and Bob Andrews was a good friend.
